Dear Mr Bangsgaard,

By means of this letter [your organisation name] confirms its interest actively to participate in supporting the MaaS Alliance and its broad membership of public/private stakeholders.

[XXXXX] supports the Alliance's aim to create a common approach to MaaS deployment, and believes that by working together economies of scale can be achieved for widespread implementation.

As a public authority, [XXXXX] will work with the Alliance membership to help find solutions for public policy, commercial, technical, organisational, legal and user-centric aspects for MaaS deployment.

We confirm our willingness to support the MaaS Alliance by participating in the work of this international Public-Private Partnership and help unlock the full potential of Mobility as a Service.

Sincerely yours,
